OHIP+**

Starting January 1, 2018, **Ontario residents of age 24 years and under** are eligible to receive certain prescription medications for free with their health card number and a valid prescription. Medications currently on the Ontario Drug Benefit (ODB) Formulary and eligible Exceptional Access Drugs are part of this new government OHIP+ program. The introduction of OHIP+ will shift some prescription drug claims from your clients' private plan to the public plan, resulting in a **reduction of your clients Extended Health Care (EHC) rates with Manulife**. EHC rates effective January 1, 2018 include an adjustment based on the legislative changes for Ontario residents age 24 and under.

**This only applies to Ontario.
